

Welcome to St. Paul's R.C. Church!

For over fifty years, this Parish Family has provided a welcoming and cordial environment for Eucharistic Celebrations as well as varied liturgical and social events. Opportunities have been provided for many ministries and community events. Our parishioners represent a wide range of age groups, backgrounds, occupations and experience. As we as clergy have been warmly welcomed, we also see how our worshiping community always strive to welcome new members and never leave anyone feeling isolated. As a Parish Family we endeavour to centre our life around the Eucharist and other Sacraments and take that rich experience to the peripheries of our society in works of charity. Here no-one leads the other, but walks besides the other, which is what the real meaning of the Church of Christ is all about. As our heavenly Patron St. Paul says, "We walk by faith, not by sight". Yes, let us walk by faith, hand in hand taking the feeble one along, and become an instrument of the Lord's forgiveness, compassion and love.

Welcome to our Family!
